### **Strong visitor response to the lab automation and sustainable technologies exhibited at the Mumbai edition of analytica Anacon India & India Lab Expo 2024**

- 6000+ high quality trade visitors attracted by 200+ exhibitors displaying 3000+ technology brands
- 7,500+ sqm of exhibition space making it the largest Mumbai edition ever
- 350+ buyer-seller meetings, including hosted buyers from India and abroad
- Technical conferences covered topics such as laboratory analytics, automation, regulatory compliance, sustainability, and many others.
- analytica Anacon India and India Lab Expo was held from 15-17 April 2024 at the Bombay Exhibition Centre, Mumbai.

The recent Mumbai edition of analytica Anacon India and India Lab Expo, organised jointly by Messe Muenchen India and the Indian Analytical Instruments Association (IAIA), concluded successfully with satisfied exhibitors and delighted visitors who benefitted from various targeted experiences such as the technical conferences, hosted buyer program, prefixed buyer-seller meetings, and much more.

Demonstrating a 70% growth in exhibition space over last year, this Mumbai edition once again proved why it is the unmissable B2B gathering for the analytical instruments and laboratory technologies industry in the western part of India. This platform brought together 200+ brands displaying 3000+ innovative products covering analysis and laboratory equipment, diagnostics technologies, biotech solutions, and instruments for quality control, measurements, and testing.

The strong business partnerships and high-quality innovations showcased at this platform resulted in a visitor footfall of over 6000+ trade visitors from key user industries such as food and pharma, healthcare and diagnostics, chemicals, cosmetics, research institutions, amongst many others.

Some of the leading exhibitors at this edition are Kewaunee Labway India, Agilent India, Shimadzu Analytical, Neutronic, Labguard, and many others. Certifications and regulatory authorities who will be participating in exhibition and conferences are Food and Drug Control Administration (FDCA), Indian Pharmacopoeia Commission, United States Pharmacopeia (USP), National Accreditation Board for Testing and Calibration Laboratories (NABL), and many others.

**VIP visitor at this edition, Dr. Nilesh Amritkar, President, Association of Food Scientists and Technologists of India (AFSTI), said, “We work very closely with most of the exhibitors at this platform. This is a wonderful place to interact with all the partners, vendors, and suppliers of laboratory equipment and technologies in one place.”**

**Surendra Singh, Director, National Food Laboratory, said, “This exhibition promotes Make in India technologies, and this is the need of the hour to make the local industry globally competitive. Many exhibitors here showcase cutting-edge technologies developed right here in India. This not only enriches the country with new advancements but also empowers domestic industries, contributing to India's financial strength.”**

### **Futuristic ideas at the technical conferences**

With close to 30+ conference speakers and 200+ delegates, this edition witnessed interesting presentations from academics, industry professionals, as well as regulatory and compliance experts.

Having received the lifetime achievement award for his contributions towards laboratory research and the development of new technologies, **Padma Vibhushan Awardee Prof. Man Mohan Sharma, Emeritus Professor and Ex-Director, Institute of Chemical Technology (ICT), said, “As a long-term partner of this trade fair, I have witnessed a remarkable leap forward in recent years. Both the exhibitors and the exhibition itself have seen a quantum jump in quality.”**

Commenting on the growth of the Mumbai edition, **Bhupinder Singh, CEO, Messe Muenchen India, said, “We are delighted to see that this edition has emerged as a leading platform in the western region of India. With 70% growth in exhibition space and participation from distinguished personalities in the analytical technologies sector, this edition is a stepping stone to the upcoming edition in Hyderabad, the pharma hub of India. We look forward to witnessing more pioneering technologies at this upcoming edition, and we express gratitude to all our partners who have contributed meaningfully to the growth and competitiveness of the Mumbai edition.”**

### **Our exhibitors speak**

#### **Amy Thakker, Marketing Manager, Shimadzu Analytical India**

The growing importance of this platform is evident. The expanded exhibition space and increased number of exhibitors suggest a focus on attracting high-caliber visitors.

#### **Manish Dimri, Deputy General Manager - Sales & Marketing, Kewaunee**

We have been focussing on futuristic technologies that empower labs across industries to embrace sustainability solutions. This exhibition offers a chance to demonstrate our green solutions to potential clients and partners. We are excited to be a part of this high-energy platform.

Jointly organized by

April 15-17, 2024 | Bombay Exhibition Centre, Mumbai

### **Ishan Subudhi, Business Manager, BioAnalytics - India & SAARC, Sartorius**

Our technologies help scientists obtain faster and more accurate results in the lab. This trade fair platform allows us to take these solutions to the markets that we are targeting. Hence, we are satisfied with our participation in this forum.

### **Buyers views**

#### **A V Jayakumar – Executive Vice President (Corporate Quality), Ajanta Pharma**

We prioritize delivering the highest quality of products. Our commitment is reflected in our partnerships with leading global brands. Trade fairs like this are crucial for staying ahead of the curve. Many of our team members actively attend both the Mumbai and Hyderabad editions. This is particularly beneficial for our sourcing team as it provides a unique opportunity to connect with industry leaders, discover cutting-edge innovations, and identify the latest technologies that can enhance our offerings.

#### **Dr. Swarup S. Prabhune, Sr. Manager – Analytical R&D, Cipla**

It is always a pleasure visiting analytica Anacon India and India Lab Expo to meet suppliers and discover cutting-edge lab instruments. The sheer number of manufacturers under one roof makes it an invaluable event. It is nearly impossible to connect with so many vendors elsewhere. It is a great platform for buyers and sellers to come together. We had productive interactions with a wide range of manufacturers at the Buyer-Seller forum at this Mumbai edition.

**The next edition of analytica Anacon India / India Lab Expo will be held on 26-28 September 2024 at HITEX, Hyderabad, co-located with Pharma Pro&Pack Expo.**
